

If you are going to use your SwitchDoc Labs INA3221 break-out board upside down in a breadboard, print out this page, cut out the label and stick it on the underside of your INA3221 so that the pins are labelled and you can connect up correctly.

INA1+	CRT
INA1-	WRN
INA2+	TC
INA2-	PV
INA3+	SDA
INA3-	SCL
	GND
	VCC
